AAPSCM® CERTIFICATION

Certified Contract Manager (CCM)®

Lead Strategic Contract Management at the Highest Level

About this certification

The Certified Contract Manager (CCM®) is an advanced, executive-level certification for experienced professionals who manage complex, high-value contracts across global procurement, supply chain, legal, and project environments. CCM® develops strategic, legal, commercial, and digital contract management capabilities to design, govern, optimize, and transform contract functions at the enterprise level.

Key Learning Outcomes

- Design and implement enterprise contract strategies.
- Lead complex, high-value negotiations.
- Apply advanced contract law and structuring techniques.
- Develop and implement risk-based contract frameworks.
- Optimize CLM systems and digital contract processes.
- Leverage AI for contract analytics and decision-making.
- Ensure compliance with global regulations and standards.
- Lead contract teams and drive digital transformation.

Certification curriculum

- Strategic Contract Management & Governance
- Advanced Contract Law & Structuring
