AAPSCM® CERTIFICATION

Certified International Manager in Procurement & Materials Management (CIMPM)®

An Advanced Professional Certification in Global Procurement, Sourcing and Materials Management

About this certification

Procurement and materials management functions have evolved into strategic disciplines that directly influence organizational competitiveness, cost optimization, supply chain resilience, and operational performance. Procurement leaders today are responsible for designing sourcing strategies, managing global supplier networks, negotiating high-value contracts, ensuring compliance, and optimizing materials flow across complex international supply chains.

Advanced Expertise Developed

- Strategic sourcing and global procurement strategies
- Supplier negotiation and contract governance
- Materials management and inventory optimization
- Procurement analytics and cost management
- Procurement governance, compliance, and risk management
- Global supplier collaboration and supply chain coordination
