AAPSCM® CERTIFICATION

Certified International Manager in Warehouse Inventory Management (CIMWIM)®

Advanced Leadership Certification in Warehouse Strategy, Inventory Optimization, and Global Distribution Management

About this certification

The CIMWIM® certification is an advanced professional program designed for warehouse managers, distribution center leaders, inventory planning professionals, and supply chain operations executives. It develops strategic, analytical, and technology-driven capabilities to design, manage, optimize, and transform warehouse and inventory operations in complex global supply chains.

Key Learning Outcomes

- Design warehouse operations strategies aligned with supply chain goals.
- Optimize inventory, safety stock, and replenishment.
- Evaluate and implement WMS and automation solutions.
- Analyze warehouse KPIs and operational performance.
- Lead process improvement and digital transformation.
- Manage risk, safety, and business continuity.
- Coordinate distribution and fulfillment across networks.

Certification curriculum

- Strategic Warehouse Management
- Warehouse Layout & Facility Optimization
- Inventory Optimization & Stock Planning
- Warehouse Technology & Digital Systems
- Order Fulfillment & Distribution Management
- Warehouse Performance Analytics
- Warehouse Risk Management & Operational Resilience
- Warehouse Leadership & Digital Transformation
