AAPSCM® CERTIFICATION

Chartered AI Procurement Manager (CAIPM)®

Lead the Future of AI-Driven Procurement

About this certification

Artificial Intelligence is transforming the procurement function. Modern organizations are increasingly deploying AI-powered analytics, predictive sourcing, intelligent automation, supplier intelligence platforms, and digital procurement ecosystems to optimize spending, mitigate risks, and enhance strategic decision-making.

Participants Will Learn How to:

- Design AI-driven procurement strategies aligned with organizational goals
- Implement predictive analytics for procurement decision-making
- Deploy intelligent sourcing and supplier analytics platforms
- Integrate AI tools into procurement operations and category management
- Manage AI governance, ethics, and compliance in procurement
- Leverage AI to optimize supplier selection, negotiation, and contract management
- Build digital procurement ecosystems supported by automation and machine learning
